STOCK MARKET SUDDENLY COL-LAPSES AND THE LIST LOWER.

Distilling and Sugar Not So Active and Pullman Goes Off-Indianapolis Grain Unsought.

At New York, yesterday, money on call

was easy at 1 per cent. Prime mercantile paper, 3@51/2 per cent. Sterling exchange was firm, with actual business in bankers' bills at \$4.861/2@4.87 for demand, and at \$4.85\204.86 for sixty days; posted rates, \$4.86@4.87 and \$4.87@4.88; commercial bills, \$1.843-24.84%.

Silver certificates, 66c. Bar silver closed at 651/2c per ounce; Mexican dollars, 521/2c. At London, bar silver closed at 301/sd.

Total sales of stocks were 163,235 shares, including: American Tobacco, 3,545; Cotton Oll. 3,230; Sugar, 17,168; Burlington, 1,100; Chicago Gas, 5,450; Chesapeake & Ohio, 5,495; Distillers, 33,000; General Electric, 2,615; Louisville & Nashville, 6,300; Readmg, 2,655; Rock Island, 9,015; St. Paul, 12,550; Western Union, 25,860.

After Monday's exciting day on the Stock Exchange the speculation yesterday was tame indeed, by comparison. From the opening until about 1:30 o'clock the market was heavy and with scarcely a raily, and prices moved downward. Then came a period of dullness, during which only the specialties made any material movement and these sought a lower range of values. Speculation closed barely steady, the final

sales showing losses on the day of 4014 in the general list, exceptions being St. Paul preferred, Delaware & Hudson, Louisville and Wheeling & Lake Erie, which recorded advances of 1/2 each. Distilling was again the leader of the market in point of activity, but the transactions therein were less than a third of Monday's total. There was heavy selling in the shares at the opening, which came from ho.ders who hoped up to the last moment that the trust would be able to make its loan and take its spirits out of bond. The Tallure of this project did not, however, cause any serious stampede and the lowest figure to which the stock fell was 184, only 11/2 per cent. below Monday's closing. The low price was reached shortly after the been made to 1914. During the afternoon the greatest decline was to 18%, from which there was a rally of 1/2, the closing quotations being % per cent. off from Monday's last saie.

Sugar was dealt in irregularly, fluctuating within narrow limits during the morning, but being sold more freely in the afternoon, closing at the lowest of the day at a decline of 1% per cent. A fairly good business was done in the grangers. Pullman broke 1% on sales of 200 snares. The other principal declines were American District Telegraph, 2 per cent, on the sale of a 100-share 100; C., C., C. & St. L., 1%; Chicago Gas, Cotton Oil, common and preferred, Tobacco preferred, Louisville & Nashville, Lake Erie & Western common and Kansas & Texas preferred, 1. Ohio Southern is down 3 per cent.

The bond market was generally weak all day in sympathy with the stock market, but some shares sold at an advance at the close. Declines-Erie collateral trust sixes, 3%; Reading thirds, preference, 1. Advances—Erie consol gold sevens, 2%; Northern Pacific seconds, 2%; Northern Pacific thirds, 1½; St. Paul consols and Union Pacific, Denver & Gulf firsts, 1. Government bonds were firm. State bonds were dull.

LOCAL GRAIN AND PRODUCE. Trade This Week an Improvement, but Prices Weak.

On the wholesale streets and on Commission row more is doing than last week. On the wholesale streets the dry goods houses and boot and shoe men are more busy, but there is still large room for improvement. The advancing tendency of sugars and several other staple articles in the grocery line is helping the business with the grocers, and a decided improvement in business this week is reported and on Commission row more activity is noticeable, and there has been an improvement in the quality of 'ruits and vegetables offered. Some very fine sweet potatoes are in the market, but Irish potatoes are mostly small. Poultry and egg packers are again quarreling, but quotations cover the market. Shippers are not paying so much as are the cold storage packers, but quotations are readily realized on any quantity offered, and it is only good fortune if a better price be paid, which may sometimes be realized on fresh eggs and healthy, fat poultry. Other markets are featureless. The local grain market is dull this week

Death of Philip Innes, Who Was Supposed to Be a Miser.

Philip Innes, aged fifty-seven years, died suddenly yesterday morning at his home, No. 123 Fort Wayne avenue. He, with his twelve-year-old son, lived with Mrs. Minnie Pearce. Innes was a peculiar character and was generally supposed to be a miser, on account of the seclusive life he led. He and his son came to this city from Altoona, Pa., seven years ago. Innes said that his wife and all his relatives were dead. It was known that when he came to this city he had considerable money. He established a small drug store on the avenue, but it was not profitable, and he sold it. After that he did not work. When asked how he met his expenses he said the rent from his property, amounting to \$50 a month, was enough to keep any man and a boy. Many thought he was worth at least \$50,000, and that his statement regarding his income from rent was very low. The dress of Innes was in keeping with his close habits and retirement. The boy went to school, but was so influenced by his father's peculiar traits that he formed few friendships.

Innes was afflicted with chronic diabetes, and several months age, while suffering intensely, he went, in company with his son, to the office of the Union Trust Company and made his will. The company was made guardian of the son and administrator of the estate, all of which was to go to the boy. The members of the company state that at the time Innes had a premonition of death. Until two weeks ago he was able to be about. Then he became ver feeble, and, though the family with whom he lived kindly offered assistance, he harshly refused it, allowing only his son to help him. On Monday night his condition became very serious. Yes-terday morning he was found in bed un-conscious. Dr. Haggard, who was sum-moned, found that Innes was beyond medical aid, the old man dying a short time after the physician's visit. A note was found, written by Innes, asking that the Union Trust Company be notified of his death, and that his body be buried in Crown Hill Cemetery. He requested that in case of an official inquiry as to the cause of death that his body be not removed to a morgue. Dr. Carey, the coroner's assistant, took charge of the dead man's papers and valuables and locked the room.

A search was afterwards made and a pocketbook containing \$90 was found lying on the bed and \$346 on the floor. As it was thought Innes made a practice of hiding money in his room a very close search was made, but nothing additional was found.

The will of Innes was opened late y'sterday afternoon and it showed that his estate was worth about \$10,000. It consists of three pleces of property, which are left to his son upon his reaching his majority. The trust company was given power to deal with the property as it thought best, providing that it reserved enough to afford a course in the study of dentistry for the boy should he so desire. The trust company arranged to have the funeral this afternoon. Innes was a veteran of the late war, but was not a member of any organization kindred to the

GAGS AS POLITICAL STRAWS.

Some Clever Ones That Cause the Park's Patrons to Roar.

Crowds at the Park Theater are howling themselves hoarse this week over the poseem to never grow tired of chuckling over the satirical little flings delivered at the expense of the Democratic party. The favorite joke is the story of the farmer and the sheep told by the tramp in the third act. His trampship wears the makeup of a Coxeyite, and appears as a typical com-

"Comin' up through the country, the other day, I saw a farmer shearin' a sheep," he says in a whisky voice. Then he takes a big gulp of tea that serves the effect of wine, and continues: "Now, that farmer was shearin' his sheep backwards. He was commencin' at the tail and shearin' towards the head. I said: " 'That's wrong, old man, 'cause I used ter shear sheep, and I allus commenced at the head and sheared down.' "'Yes, an' I use ter do the same thing." said the farmer, 'but I voted for Cleveland

an' I'm ashamed to look this sheep in the The pit roared, the gallery went off into hysterics and his trampship responded to an In the second act the old soldier and hiswife furnish rare fun for the house, and deliver a number of telling blows at the

present administration. The soldier limps in like a disabled veteran. He has the air of a comrade who has just returned from the pension office, where he found his name dropped from the rolls. "Now, I'll tell you what we'll do," says the wife. "You are pretty smart and I'll propound some words for you to define." "All right," says Phil, "let 'er go."

The first is "Nobody's claim," which the

old soldier says is the "Wilson bill," and

a shout from the audience shows the way the political wind is blowing. "Here's another," continues the girl, and the old soldier braces himself. "Dead to the world," she cries, and the old soldler's retort, "The Democratic party," is lost in the deafening roar that emanates from the pit and gallery. "Held by the enemy" is the next one fired at the old soldier, but he is on the alert. "The White House," he replies, and the definition is accepted by the house with Sadie Hasson, in "A Kentucky Girl." comes next for half a week at the Park and "A Wild Goose Chase" follows for the last half. "Uncle Tom's Cabin" opens the English Opera House season Monday matinee (Labor day), and remains half a week. Cleveland's Minstrels follow on Taursday and Friday nights. Both attractions have large companies and striking features.

Several Thousand to Brokers.

United States Marshal Hawkins has paid several thousand dollars to brokers who cashed checks for the deputies who served during the railway strike. The firm of Perrott & Gorman did an extensive business in the line of discounting and received their money from the marsnal yesterday. Marshal Hawking expects to wind up the payments this week.

CONTROLLED BY BEARS

WERE OUT IN FORCE AT CHICAGO AND CAUSED MATERIAL DECLINES.

All Grain Goes Off from 1-4c to 5-Sc. but Provisions Held Firm and Closed Higher.

CHICAGO, Aug. 28.-The bears were out in to-day's battle in the grain markets. Lower cables and heavy receipts weakened wheat, and December closed %c lower. May corn closed 4c lower and September oats %c lower. Provisions finished higher all The wheat market opened weak and con-

tinued so during the entire forenoon. The depression was caused chiefly by the heavy receipts at Duluth. Minneapolis reported 191 cars and Duluth 693, making a total of 884 cars, compared with 194 at the two places on the corresponding day of last year. The Chicago inspection showed 464 carloads here, against 380 estimated. In addition to the heavy receipts, the foreign markets were quoted lower. Liverpool was given at from 1/2d to 3/4d lower. The shipments from the principal exporting countries of the world last week were reported at 3,816,000 bushels, and the total put afloat for the importing countries reaches the aggregate of 7,000,000 bushels. The total receipts at our Western primary markets for the day were again in excess of 1,000,000 bushels. The day were again in excess of 1,000,000 bushels. The only matter of a bullish character in The only matter of a bullish character in The large agricults of about 4c lower than yesterday, the decline being due mainly to large offerings in the Northwest. The close was: August, 534c; September, 524652%c; December, 54kc; May, 584c. Old wheat on track closed: No. 1 hard, 574c; No. 1 Northern, 564c; No. 2 Northern, 55c. New wheat on track ranged at 24c below old. Old receipts were 136,600 bu. Shipments, 45,990 bu. the forenoon's news was the liberal clearances for twenty-four hours from Atlantic to 567,000 bushels. There was a steady sag-

cember at the opening to 56%c about 12 o'clock. The weakness increased near the end of the session, and December finished at Corn was rather easier, not from any change in its speculative condition, but principally due to the impatience of some rather heavy local operators, who, in the absence of outside support, thought they could make their own bearish views prevail. They succeeded to only a moderate extent. The reports from the drought districts were as bad as ever. The day's re-celpts were 342 cars. Boyden & Co., Henry Parker, Bartlett-Frazier and a lew vener. offered a good deal of corn for saie. May was irregular at the start at from 52% c down to 52%c, with very little bought or sold at the extremes at that time. The general trading was at from 52% to 52%c. It sold at 52%c, later recovered to 52%c, and closed offered at that. Trading in oats was limited and confined almost entirely to local dealers. Prices were a shade lower, in sympathy with corn. September opened at 29%c, sold at 20%c,

ging of the price here from 57%c for De-

and at noon was selling again at 29%c. closing at 29%c. Provisions were strong. The packers are revising and amending their previous opinions regarding the probable immediate effect on the run of hogs by the damage to the corn crop. September and October shorts were good buyers of those deliveries, and a good many moderate-sized orders for January were received from the country. January pork closed 71/2c higher than on the day before. Lard is also .10c higher for September and .0715c higher for January. Ribs gained only .021/2c each for September and January.
